Footnote explanations and photos of the chairs can be found on Page 2.

Footnote Explanations

1. **Adjustable Arms**
Height (H), Width (W), Depth (D) and Pivot (P).
2. **Lower Back Firmness Control**
Enables users to set a constant amount of firmness to maintain their lower back's natural.
3. **Variable Back Stop**
Allows the user to lock the backrest in an upright position or set the backrest to stop in a desired reclined position.
4. **LiveBack**
Mimic's the user's unique spinal motion and literally morphs to fit the user's spine as it changes shape throughout the day.
5. **LiveSeat**
Provides a dynamic comfort pocket that can adapt to the user as they change postures.
6. **Natural Glide**
Allows users to recline without leaving their "vision and reach zone" so they are oriented to their work.
7. **Cradle to Cradle™ Certification**
An important sustainability benchmark for all manufactured products. Introduced in 2005 by McDonough Braungart Design Chemistry (MBDC), Cradle to Cradle design protocol outlines environmentally-intelligent design criteria, which is the basis for Cradle to Cradle product certifications.
8. **SCS Indoor Advantage Certified**
Help clients to identify low emitting products. It can also help customers seek LEED certification for their building by supporting the low-emitting materials LEED CI criteria.
